

Summer 2011 Survey

Hello Parents,

We are beginning to plan our Summer Fun for 2011. We have many families who have already experienced a few of our summers and as well have lots of new families. Summer Fieldtrips are something the children and staff all look forward to. We are always looking for parent input into our summer program.

I have included the cost for each group last year and the number of fieldtrips they attended to help you answer the survey.

Our Transition group was able to attend 6 fieldtrips for a cost of \$63. These fieldtrips all required parent volunteers or were held at the center.

Our Preschool and Jr Kinder groups attended 24 fieldtrips for a cost of \$268. This averaged to 2 - 3 fieldtrips per week.

The Kindergarten group attended 26 fieldtrips for a cost of \$298. This averaged to 3 fieldtrips per week.

The OSC group attended 32 fieldtrips for a cost of \$397. This averaged to 4 fieldtrips per week.

The years previous were all very similar in # of fieldtrips and cost.

Thank you for taking time to answer the survey below.

- 1) What group is your child currently in?
- 2) How many fieldtrips would you suggest per week?
- 3) What is your suggested maximum cost for summer fieldtrips?
- 4) What was your favourite fieldtrip from a previous year?
- 5) Do you have any suggestions for fieldtrips?
